ENR Top Firm

Safety

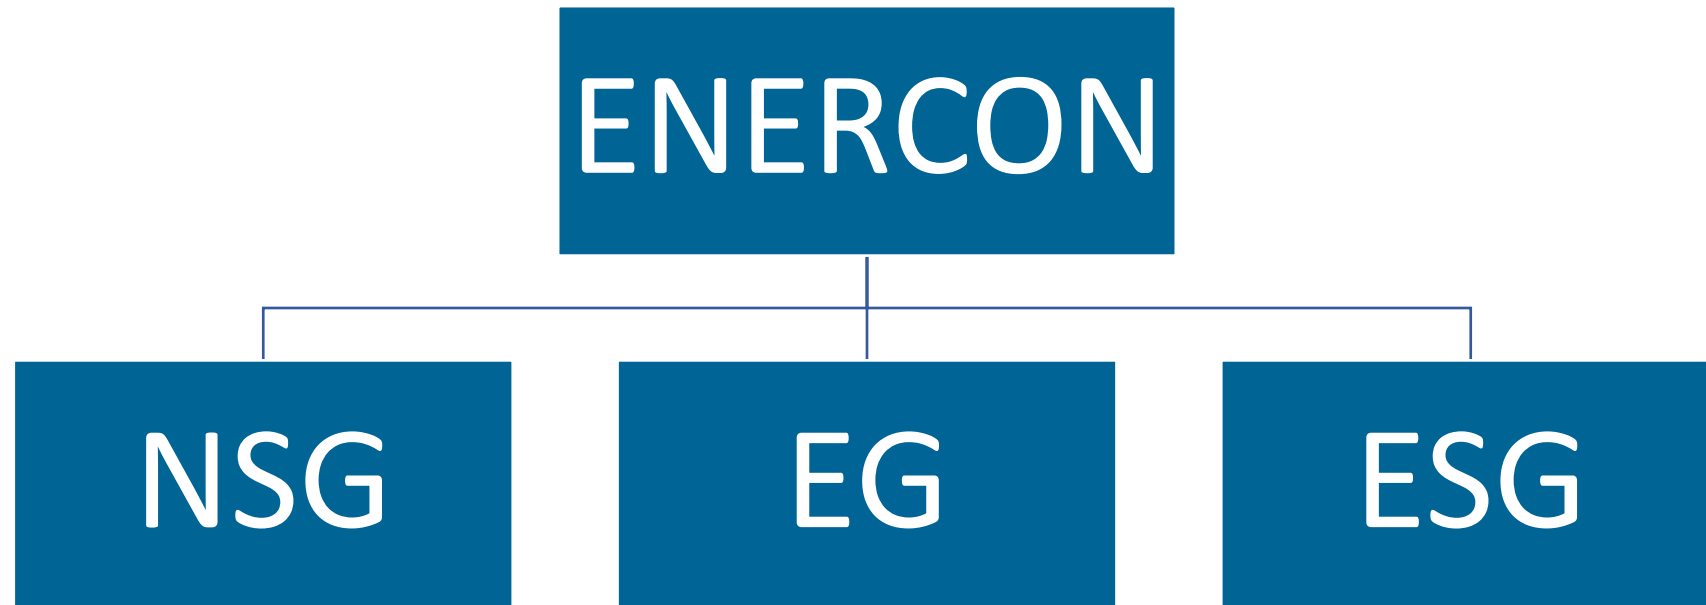

Innovation

Experience

#2 Nuclear Power
#9 Co-Generation
#15 Power
#26 Power Delivery
#74 Top 500 Design Firms

Nuclear Service Group (NSG)

- NextEra Energy (NEE)
- Entergy (ENT)
- Southern Company (SE)
- Tennessee Valley Authority/Dominion (TVA)
- Talisman (TAL)
- Enercon Federal Services (EFS)
- Chiefs

Nuclear Service Group (NSG)

Design & Consulting Services

- Design changes
- Technical & commercial studies
- General project coordination
- License Renewal
- Calculations, drawings, specs

Upgrading & Degrading Equipment

- Pumps & Motors
- Control Systems
- Valves
- Cooling Towers
- Piping
- Cables
- Building Structures

Regulatory & Industry Issue

- Security
- Emergency Preparedness
- Grid Stability
- Severe Weather

Energy Group (EG)

Utility - Generation

Solar PV
 Wind
 Natural Gas/ Fossil
 Cogen/CHP
 Distributed Energy Systems
 Energy from Waste (EfW)

Industrial

Food & Beverage
 Oil & Gas
 Chemical/Process
 Sugar Refining
 Manufacturing
 Hydrogen

Power Delivery

Transmission
 Distribution
 Substation
 Battery Energy (BESS)
 EV Infrastructure
 Microgrids

Government

DoD / DoE
 State / Local
 National Labs

Data Center

Owner/Operator
 Reliability- Five 9's
 Back-up Power
 Seismic Design
 Electrical Design
 Thermal Design

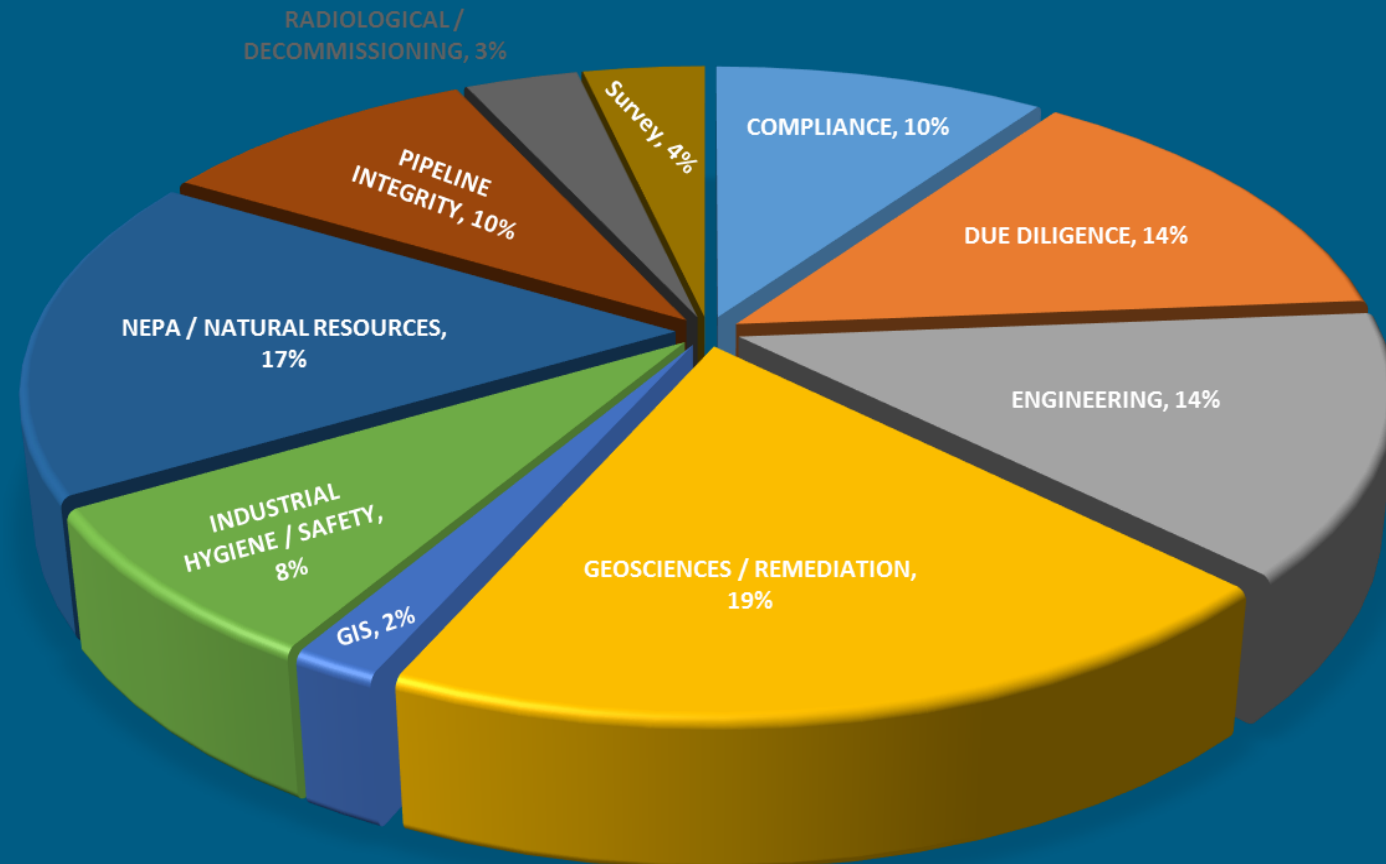

Environmental Service Group (ESG)

- Pipeline Integrity
- Permitting
 - Pipeline, transmission, and Wind/Solar projects
- Threatened and Endangered species:
 - Licensed biologist identify trap and relocate if needed
- Cultural/historic resources:
 - Archeological Digs
 - Historic Properties
 - Cultural sites
- Compliance Services:
 - Air
 - Oil Field
 - Storm Water
 - Erosion Control

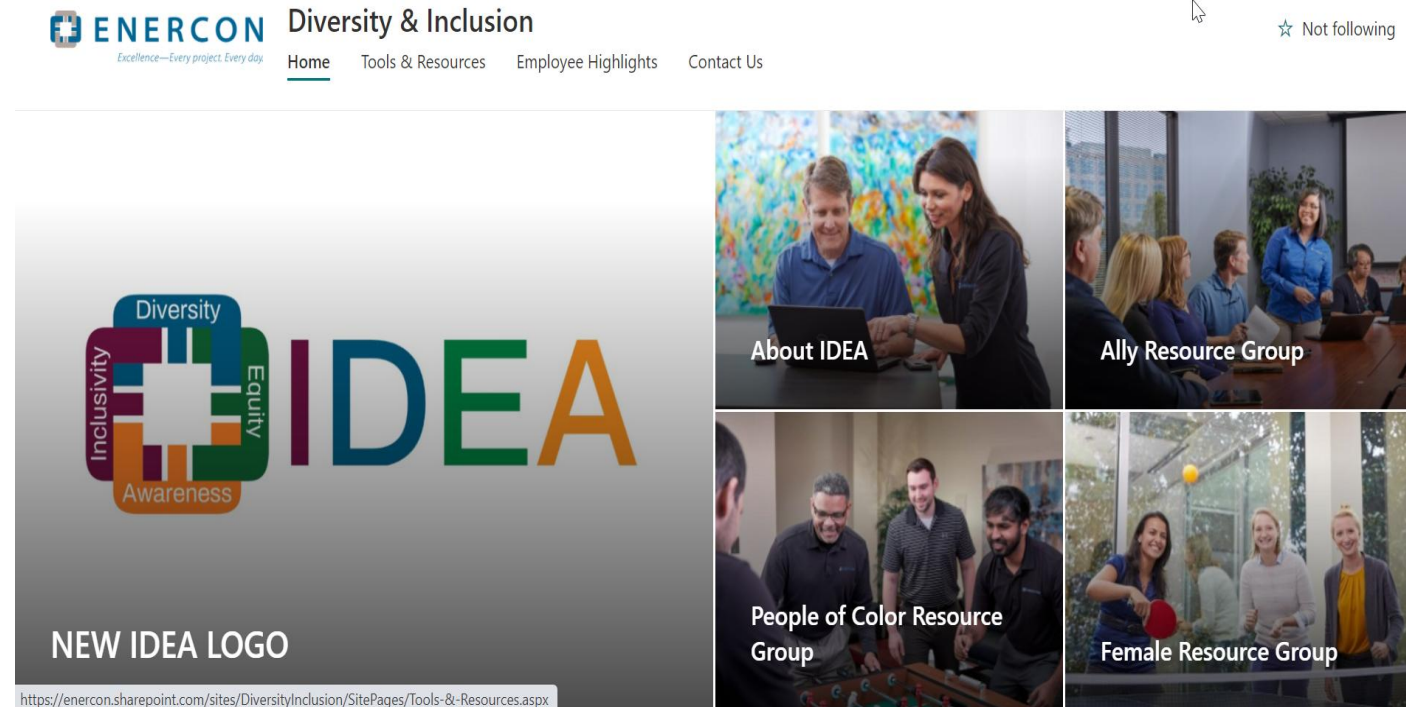

Environmental Service Group (ESG)

- **Industrial Hygiene and Safety**
 - Asbestos and Lead paint surveys
 - Indoor Air quality and Mold
- **Due Diligence Services**
 - Recognized environmental conditions that may affect property value in advance of purchase or sale.
- **Geoscience/Site Investigation:**
 - Plume Modeling- measured change in aquifer chloride level
